

Production Support Capabilities

- **Quality Inspection**

- Level III – In house
- FARO Laser Tracker CMM
- Rohmer Arm
- Full line of Metrology Equipment

- **Non Destructive**

- (2) Phased Array C-Scan
- (2) A-Scan
- Bond Testing
- TTU
- Immersion Tank (4'x40'x2')

- **Testing**

- MTS 55 kip
 - R/I Composite Material
 - Fatigue
 - Tension/Compression
- Pressure
- Diamond DMA
 - Thermal Analysis
- Environmental Test Chamber
 - 48"x48"x54"
 - -40° to 375°

- **CNC Machining**

- CAM driven machining
- (1) 5 axis router – 10'x20'x4'
- (1) 5 axis router – 12'x8'x4'
- (5) 4 axis mills
- (2) CNC lathes

- **Flow 5-Axis Waterjet**

- Automated composite trimming

- **Complete Welding Fabrication**

- TIG, MIG, ARC, etc

- **Fully equipped machine shop**

- *INFOR Visual ERP System*
